

JAYKAY

E-FIN 2.0

BOOST YOUR BOARD

PERFORMANCE. FUNCTIONALITY. DESIGN.

- › Mountable on all water sports equipment with fin mounting
- › Remote control with LCD display, stroke counter and much more. **NEW**
- › Intelligent, automatic On/Off switch
- › Enhanced power for each paddle stroke
- › Now with Reverse gear **NEW**
- › Now with replaceable battery **NEW**
- › Efficient Battery management system
- › Extremely strong polycarbonate housing
- › Plug and Play:
Ready to use in seconds

JAYKAY

TECHNICAL DATA

E-FIN 2.0

Color	turquoise
Case material	polycarbonate
Capacity	180 Wh
Technology	Li-Ion
Motor	non-wearing brushless motor
Rated voltage	18 V DC
Drive power	360 W
Top speed	7-8 km/h
Performance levels	infinitely adjustable
Battery pack	interchangeable
Charging time	3.5 h
Number of battery cycles	>500
Operating	
Temperature range	0 to 40°C
Protection class	IP68
Weight	2 kg
Dimensions (L x W x H)	252 x 265 x 110 mm
Guarantee	24 months, on batteries 12 months

On / Off switch

The e-Fin switches on automatically when immersed in the water and switches off when out of the water.

REMOTE

Color	turquoise
Case material	polycarbonate
Running time	6h
Charging time	3h with USB cable
Radio connection	433 MHz
Display	1.3" Full Color HD
Power controller	infinitely adjustable
Driving modes	Paddle, Drive, Cruise

Paddle mode

The motor enhances each paddle stroke at a present level.

Drive mode

The performance of the motor corresponds to the power regulator on the remote control.

Cruise mode

The motor drives the board at a constant level selected on the remote.

Emergency stop

Automatic motor stop if the connection between the e-Fin and the remote is lost.
