

Product Data Sheet

Leg Extension PLLE

The Steelflex PLLE leg extension machine has an exact 100 degree angle between the seat and back rest pad increasing user comfort and encouraging full quadriceps contraction without hamstring flexibility limitations. Both legs can be used together or independently.

Other features include:

- Sealed bearing pivot points
- Direct link movement arm design enhances smooth and continuous range of motion
- Adjustable foot roller to accommodate different size users
- Weight plate holders for plate storage
- Olympic weight plates not included

Video instruction
