

Sitting comfortably on a super strong design

Are you built a bit taller or heavier than average? Then you don't want to have to wonder whether your chair will 'hold' you. No need to worry with the chairs from the Score MaXX Line. They were made for you. We have these functional powerhouses for people up to 250 kilos in three versions: Small, Medium and Large. They are made of strong, durable, high-quality materials that give you a safe, solid and comfortable feeling while sitting. The seats and backs of the three versions are interchangeable so your MaXX perfectly matches your posture. You can even add a series of handy accessories for more sitting comfort. You'll be sitting pretty on a MaXX.

- For those with a heavier stature
- Available in small, medium and large sizes
- Seat angle adjustable in 3 positions
- With height adjustment by means of a gaslift and back height adjustment by means of a gaspring
